**Anthony Tanous**

2018 Community Service Director

“Community service at Warrane provided me an opportunity to spend time caring about others and fostering a selfless nature. Often in university, I found that we focus entirely on ourselves in our studies so opportunities to serve others and work in the community really helped shape me holistically. Having chats with nursing home residents or providing aid to Aussies who are doing it tough is a blessing that I found at Warrane. I encourage future Warrane residents to get stuck into avenues to serve others.”

# Cultural Achievement Residential Scholarship

The cultural activities of the college assist residents in becoming unified as a floor and as a college. Residents can utilise their strengths and talents, whilst enjoying the competitive environment of floor rivalry.
